

EVOICEMAIL

GET A GLOBAL PHONE NUMBER OVER 60 COUNTRIES WITH VIRTUAL RECEPTIONIST + VOICEMAIL.

Start getting voicemail sent to your email in seconds. No complicated setup & fast activation.

HOW EVOICEMAIL WORKS

If all you want is a phone number with voicemail sent to your email, you've come to the right place.

Upon signing-up, you will be assigned with a phone number from the city of your choice. When someone calls that number, they'll hear your pre-recorded greeting and can leave a voicemail after the beep.

Voicemail will be sent to your email instantly along with the caller ID, time and date.

You can easily index, store or forward your voicemail for further action. Just like your email.

And that's it. Competitor products are complicated to set-up because you're buying a whole lot more than just voicemail. But if all you're looking for is voicemail, then eVoiceMail is the best solution for you.
